Anti-Shigatoxin 1 (Stx 1)
mAb for blot techniques

Used as Stx 1 capture antibody or detection antibody

Intended use
for laboratory use

IgG isotype
IgG1

Host
mouse

Storage
-15 … -25 °C

Preservative
0.9 mg sodium azide/ml

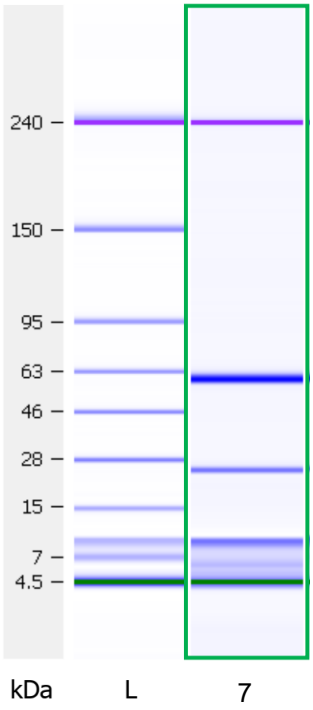

Purity by capillary electrophoresis
> 90 %

PBS pH value
7.4 +/- 0.2

Antibody purification
Affinity chromatography

Immunoblot
Suitable for blot techniques, e.g. shigatoxin colony immunoblot

Toxin neutralization
Neutralizes vero cell toxicity

Ordering information

Art. No.	Product	Clone Description	Packing
TS2106-AK	Anti-Shigatoxin 1 (Stx 1)	sifin VT 109/4-E9b	1 mg

Date of revision: 13/05/2024
